**Pro Series MS+** keeps you firmly grounded with both its price and performance. It was created to offer an alternative to traditional urethane-based adhesives. With its early grab, fast-curing formula and tenacious bond, **Pro Series MS+** reduces project time and labor accompanying most wood flooring installations.

**90%\* MOISTURE VAPOR BARRIER  
ELASTOMERIC WOOD FLOORING ADHESIVE**

\*90% RH as it relates to moisture vapor emission rate (MVER) is only applicable when using a moisture / sound control trowel.  
\*\*Acoustical performance details are the result of tests conducted in accordance with ASTM E 2179 - 03 (2009) under laboratory conditions. Actual results may vary.

**PRO SERIES**

**MS+ FLOORING  
ADHESIVE**

**PRO SERIES BENEFITS**

- Extremely low odor
- Modified Silane
- High Strength, waterproof bond
- Non-staining and easy to clean
- Wet-set, early grab, fast-curing adhesive formula
- LEED compliant low emitting flooring adhesive
- IIC 66 / STC 61 Delta IIC (ΔIIC) 21\*\*

**APPROVED FLOORING TYPES**

Engineered and solid hardwood, bamboo, dry-back parquet, cork flooring, cork underlayment, cork-backed hard surface, acrylic impregnated plank, crumb rubber flooring/underlayment.

**COVERAGE RATE**

50 - 70 sf / gallon dependent upon substrate composition and porosity, application method & flooring type. Please refer to TDS for more information on trowel types and coverage rates.
